PROGRESS REPORTS

- 022 **Salford Priors Cycle Path:** See Cllr Wilson 25.04.18 report.
- 023 **School Play Area Inspection:** See reported emailed 17.04.18. There are no high risk issues, however, at the Clerk's request, Limebridge Rural Services inspected the woodchip surface area and will provide a quote to top up the level to 200mm as suggested in the report.
- 024 The Clerk responded to the 09.04.18 parishioner email requesting the Council to replace the concrete boundary post between the Wharf and private property. The plan is to replace the marker when the weather improves.
- 025 **CPO Land Clearing:** The job was delayed again due to the JCB driver not being able to attend. The litter equipment needs to be returned by 08.05.18. Cllr Lasota reported that a company may be able to move the tyres cheaply if they can be easily accessed.
- 026 **Street Lights:** The Clerk met with K Watkins of EON and inspected each street light to determine approximate replacement cost and replacement feasibility; see 12.04.18 email for report. The Council owns 15 columns and 16 arms (one near the church is wall mounted). Western Power owns 3 columns. The approximate cost to replace the street lights is £50,000. 12 of the wood columns date to 1961 which suggests they either need to be replaced or the light location retired. **ACTION: Working Party to provide recommendation.**
- 027 The Close grit bin filled; matter resolved.
- 028 **Meeting adjourned to hold Public Question Time, but there were no comments or questions.**

The Council will be allowed to switch suppliers when the current invoice is paid.
