- 057 The Council noted the April 2019 I&E Report.
- 058 The Internal Auditor is conducting the audit. The accounts are due with the External Auditor on 01.07.19.
- 059 **WCC CLLR REPORT:** Cllr Adams arrived later, see report to be emailed.
- 060 **WDC CLLR REPORT:**
  - A. HGV weight restrictions in South Littleton have created some difficulty with drivers. Additionally, non-commercial sat navs often misdirect drivers. WCC Cllr Adams has organized a committee to explore the issue, but there is little hope of success without a new roadway. Intends to research the issue by sitting in with drivers and taking photographs, but there is no simple solution.
  - B. There are three major applications in play for the local area.
    - 1. Caravan application in Offenham.
    - 2. 40 caravan application adjacent to Red House. Highways do not object.
    - 3. In Middle Littleton Rooftop wants to knock down 10 social homes and build 21 in their place. Protracted consultation has already taken place.
  - C. Some developers are trying to jump the gun of Call for Housing Sites.
  - D. Part-time employees at country and district offices are causing efficiency issues, especially with planning. Concerned about a possible outline planning application for the Gypsy Site and the implications for the neighbouring CPO Land. Will report back when more information is obtained. It may be that the Council will need to hold an Emergency Meeting to consider this issue.

**PROGRESS REPORTS**

- 062 **Cross Parish Cycleways:** The 11.04.19 minutes confirm the survey is meant to include a link to Cleve Prior including the viability of a bridge over the Avon. Although there was no mention in the minutes of CPPC receiving a copy of the report, this was agreed. Since all three conditions were met and if the payment is legal, CPPC has agreed to donate £1500 toward the feasibility survey.
- 063 **Village Parking:**
  - 1. See pre-planning application report (including Conservation Officer comments) emailed 02.05.19. There are several recommendations to be completed prior to an application submission. These include consulting with the following bodies: Worcs Reg Services, County Highways, land drainage engineer and local neighbours. In

addition, the Conservation Officer is concerned about protecting the stone wall fronting the property and the use of tarmac to connect the lot with the highway.

2. A Highways search confirms the verge is part of adopted highway. Therefore, the verge cannot be a Village Green. The land can be used in a way consistent with public highway. See 23.04.19 email. The Clerk confirmed the verge is cut on behalf of WCC and CPPC is paid a small annual sum to maintain the verges in the parish. **ACTION: Cllr Robinson to further research the matter and the relevance of the 1772 Enclosure Map showing the verge as part of the Village Green.**
3. R Broadhead was the Conservation Officer referenced in the 25.03.19 email from V Russon of WDC Planning.

5. A letter dated 27.04.19 was sent to J Bomford concerning long term parking at The Garage. **ACTION: Clerk to send a follow-up letter.**
6. 27.04.19 email from I Robinson concerning actions to be taken RE the verge near the Kings Arms. **ACTION: Chair Wilson to consult with cottage owners about the issue of parking and paths.**

064 Some cllrs believed the asking price for the land adjacent to the Kings Arms was too considering the proposed parking amenity would benefit a small minority of parishioners. **The Council resolved** to offer £25,000 for the land adjacent to the Kings Arms. If the offer is accepted it will be subject to planning approval, parish consultation and a successful application for a Public Works Loan Board loan. .

065 **ACTION: Cllr Solomon to draft wording and consult with the Kings Arms tenant concerning the possible purchase of a sign to direct pub customers to the park in the rear parking lot.**

066 The VAS pole moved to the correct position. The quote was confirmed and an order placed. However, there are issues with the installed pole. The Clerk is exploring the situation with the supplier.

067 The Council will meet J Hegarty on 17.05.19 at 9:30. **ACTION: Chair Wilson will draft an agenda for the meeting.**

068 The Council agreed to meet J Teal at 6:30 on 10 June in the Memorial Hall to discuss S106 funding.

069 The insurance policy is due for renewal. The Council is currently in year two of a three contract with a premium of £810.40 which includes the Memorial Hall. The Memorial Hall Management Comm. reimburses the Council for this expenditure.

**OPEN QUESTION TIME NOTES**

- A. A parishioner commented that whoever ever owns the land under an adopted highway is irrelevant. The Council cannot stop registered vehicles from parking on the highway verge.
- B. A parishioner commented that it isn't clear if the parking on the verge is a conservation issue.
- C. A parishioner questioned how the major recent applications fit in with the Cleeve Prior Neighbourhood Plan. Cllr Wilson replied that the NP is a legal document and that the Council uses this document as an aid to determining its planning comments.
- D. A parishioner commented that WCC farmyard down Hoden Lane and behind the Hoden bungalows is included in the call for sites. There has been some discussion at district and county level of widening Hoden Lane at the intersection with Main St. The land on the housing/garage side of the Hoden at this point is Common Land.
- E. Dist Cllr Lasota commented that PACE is the contractor which is acting on behalf of WCC.
- F. Dist Cllr Lasota believes the reason the house development on the empty lot adjacent to the Kings Arms was refused was due to the access road to Main St.

Minutes prepared by Sean Arble, Clerk to the Council, on 20.05.19.
